

WICSA 2008

Working IEEE/IFIP Conference on Software Architecture

The conference for software architects by software architects

Vancouver, February 18-21, 2008

See <http://www.WICSA.net>

WICSA 2008 is the seventh international conference devoted entirely to Software Architecture. Its purpose is to bring together software engineering practitioners and researchers from industry and academia to exchange experiences, results and ideas related to all aspects of software architecture. Its mission is to strengthen and expand its role as the premier conference on architectural issues in software system design, development and maintenance, practitioners as well as academics.

Key dates:

Sept. 17: Submission of papers (research
and practitioner reports)

Sept. 17: working sessions proposals

Sept. 28: tutorial proposals

Organization:

General chair: Philippe Kruchten, UBC, Vancouver

PC chairs: Eoin Woods, UBS, London

David Garlan, CMU, Pittsburgh

Tutorial chair: Paul Clements, SEI
